

# RED DRAGON DARTS™

## Well Done Wizard...

Red Dragon darts would like to congratulate Simon Whitlock on his brilliant performance in reaching the PDC World Championship. During the competition Simon thrilled audiences around the world with his power scoring and huge checkout finishes. He also showed great courage and determination in winning games after falling behind to claim some big name scalps en route to the final.

With his ready smile and his good natured demeanor Simon also impressed dart fans with the way he conducted himself on the stage. Demonstrating that you can be a great competitor but also a true gentleman at the same time.

An exciting future now awaits Simon and the world of darts is a better place for his presence. Everyone at Red Dragon is proud to be associated with Simon and to have made the darts which will undoubtedly see him winning major darts prizes in the very near future.

## New darts coming soon

Simon visited the Red Dragon factory prior to the World Championships for a bespoke fitting with Red Dragon's head of R&D. The darts he uses are 22 Grams 90% Tungsten Two-Tone 24 carat gold plated darts, that Simon extensively tested himself before taking on stage at the Ally Pally. Simon said "The new darts that Red Dragon made me are amazing, they took a few weeks of alterations to perfect but I just love them. I got a bit worried as I only had one set throughout the whole event as my spare sets got lost in transit". Simon's Darts will be on sale from Red Dragon in the next few months and we'll let you know as soon as they are online.
