

2010 COLLECTION
NOW AVAILABLE

NEW IMPROVED
BLADE 3™
HI-CARBON BLADE WIRE

The new improved Winmau Blade 3 has raised the bar as the world's most technically advanced dartboard. Designed for total accuracy across the whole playing surface using an intelligently designed staple-free system, the new Hi-Carbon steel Blade wiring system with improved molecular structure gives even less bounce outs and longer life creating the cleanest scoring segments for the ultimate low-bounce out dartboard. Constructed from super dense sisal, the Blade 3 has a solid playing surface for high performance scoring and maximum lifespan, designed to get the most from every darters play. The new Blade 3 features a matt finished black band to match the sleek and beautiful finish of the whole dartboard. Exclusively endorsed by the British Darts Organisation, this dartboard also complies to World Darts Federation specifications. The Blade 3 is the most televised dartboard in the world and used exclusively at the Winmau World Masters and Lakeside World Championships, where the professionals demand only the very best. Other exclusive features include an anti-glare number ring, game of darts booklet and checkout table **Professional Level**
